A fun step-by-step guide to improving individual techniques. Providing coaching whilst building up confidence in an enjoyable pressure free environment. The more technical skills a player has, the better he or she is able to solve any problem. Coerver Coaching’s teaching curriculum is based around the **“Pyramid of Player Development”**.

Exercises where each player must work alone with a ball, high repetitions using both feet.

Receiving and Passing

Exercises to improve a player’s first touch, so important at all levels and to encourage and teach accurate creative passing.

Moves to beat a player (1v1)

Exercises and games that teach game winning individual moves that can create space amongst the most packed of defenses. Exercises that give players the confidence to attack.

Speed

Exercises and games that improve acceleration, running with and without the ball and changes of pace.

Finishing

Exercises and games that teach technique and encourage instinctive play.

Group Attack

Exercises and games that improve small-group combination play with emphasis on fast break attacking soccer.
